FOREWORD

The Class of 1957 proudly edits the school's 10th yearbook, having a theme of "doors." In our life time, we open many doors which lead to wider horizons. As we progress through the last door in VCS, and begin to open greater ones, we would like to take this book as a reminder of all the doors which have been opened by, and to us thus far.

DEDICATION

We are dedicating this book to someone who has been a major factor in our education, a part of school life as long as we have been here.

Her instruction has been toward the doorway of life. She has taught us discipline while teaching us to laugh at ourselves. It has been a pleasure having her for a teacher.

For your constant guidance we would like to thank you by dedicating this 1957 Bagel to you, Mrs. Popenhusen.

APPRECIATION

Through the past few years, you have opened your door of vast knowledge to us and we have entered. Now as we pass through it again, on our way out, we remind ourselves of all the numerous hours you have spent in helping us.

We took for granted your help in locating research for class assignments and books for our reading enjoyment. Now, we hope in this way, we can really show our appreciation for your services.

To you, Miss Averill, we present this book.

Miss Averill

Betsy Burgan

As we leave Victor Central School and close the last door of high school behind us, we take our yearbook as a lasting memento of our youth. A most important possession now, in years to come its value will even increase.

During the many weeks of yearbook preparation, my staff and advisor have been a constant help. I would like to thank them for their encouragement and understanding.

Dear Students:

Three types of doors play an important part in the life of most people. How many do you use?

Door #1 is the door that slams shut when one loses his temper. Reason goes out the window and when it returns he discovers suddenly how childish it all was. This door you could do without. It's just an extra drafty opening that never helps; it only hurts. This is a trap door!

Door #2 is the door that swings ajar. It opens and closes on the "Jekyll and Hyde" personality that most of us have. One side of the door we show to ourselves and our very close friends; one side we show to the outside world. We may fool the latter but rarely the former. This is an escape hatch!

Door #3 is an open door. It says to the world of people -- "I like you." It invites friendship from others. It tries to set the good example -- at work, at home, and at play. It respects the Golden Rule and all it stands for. This is the door to opportunity!

Most of us spend our life moving in and out of these three types of doors. We slam Door #1, peer around Door #2, and all too often we wait too long before we push Door #3 wide open and see the world as it really is.

How about it? Which door are you using most frequently?

Sincerely yours,

Alton B Corbit

BOARD OF EDUCATION

We, as students, do not realize the work done by our School Board. This group of men spends much time in discussion at meetings making policies to keep our school running smoothly. They receive only the reward of honor and the satisfaction of a job well done.
As we pass out this last door, we wish to extend our appreciation to you for the many, many doors you have opened to us.

Her Court consisted of: Eighth graders: Barbara Bennett and Diane Hill; Freshmen: Marian Hershey and Mary Alice Lynaugh; Sophomores: Pearl Brown and Betty Stickler; Juniors: Janet Antonio and Sonja Cotton; Seniors: Queen Helen Miller, Judy Hanlon, and Bernice Peglow.

MOVING UP DAY

SENIOR PLAY

This year the Seniors presented "Mother Is A Freshman," starring Ann Bennett and Alan Boughton. It was a 3 Act Comedy, written by Raphael David Blau.
The hard work of the cast resulted in a very successful performance. The time spent in play practice was also fun, and the profits boosted the class treasury tremendously. The cast wishes to express its appreciation to Miss Schantz, director, and Miss Berry, make-up.
